Mr. J. C. Collier,
Barnesville, Ga.

Dear Sir:-

With reference to your letter of the 8th, we are enclosing herewith a pencil sketch of your Coat of Arms as near as we can interpret it from the embossed design on your letterhead. We thought best to have you approve this before going ahead with the engraving. If you have your Coat of Arms in a larger size kindly send it to us so that we may better determine the detail of the work.

You of course understand that the engraving we will furnish will be a zinc etching and will only be suitable for printing purposes. We are not equipped to do steel die or copper plate work such as is used on your letterhead.

Thanking you for your preferences and awaiting your further commands, we are

Yours very truly,
